ELECTROPASSIVATION
FOR STAINLESS STEEL

TIG Brush® Genuine Technology Enhanced to give you a Superior finish

The TBE-550 utilizes a specifically focused adaptation of the 700 series design, to align its performance with Ensitech's latest technological advance, the PROPEL™ Torch.

As you would expect, this gives you the superior results consistently and reliably delivered by our proven combination of heat, electricity and use of genuine TIG Brush® cleaning, marking and etching fluids.

TIG Brush® on going innovation and patented power delivery system gives you peace of mind in the knowledge that you have achieved the industry's highest level of passivation in a fast but safe way.

CLEAN • PASSIVATE • POLISH • MARK

SEEING IS BELIEVING

Dynamic Power Transfer delivers evenly distributed power for speedy, high-quality cleaning and brightening on all stainless steel grades and thicknesses.

LEAVE PICKLING PASTE BEHIND FOREVER

Low-toxicity cleaning solutions, low voltage and easy water-based clean-up combine to protect both the operator and the environment.

IF YOU CAN WELD IT, TIG BRUSH® CAN CLEAN IT

Cleaning tight corners and crevices is a breeze with the TIG Brush, while lead extensions can increase your reach up to 12m.

THE GO-ANYWHERE WELD CLEANING SYSTEM

The robust design of the TIG Brush takes bumps and spills in its stride. On-site or in the factory, it just keeps on performing.

SUPERIOR RESULTS FROM INNOVATIVE DESIGN

Low-cost consumables make the TIG Brush the clear class-leader in value for money. Optimised to support larger brushes, the TBE-550 will save you money by driving your productivity even further.

A Safer Future for the Welding Industry

“It’s fast, it’s easy to operate, and above all I can even put an inexperienced employee to work on it and know that he’s safe”

Tom Lindsay, Lindsay PieMaking Equipment, Emu Plains, NSW, Australia.
Award-winning manufacturer and exporter of Simple Simon Pie Machines

“The onsite training we received was concise and easy to understand, our clients have been very happy with the results. The bottom line is that this has been by far the best purchase we’ve made in a very long time! And I’m not talking slightly better, this thing is stinkin’ fantastic! We’re thinking about a second unit already. I’d highly recommend the TIG Brush, and as a company Ensitech has been great to deal with.”

David Vine, Managing Director, Bell Stainless, Kunda Park QLD
